

HOMER COMMUNITY FRIDGE

INTRODUCING

The Homer Community Fridge,
a fully functioning,
unrestricted refrigerator
located at the
Homer United Methodist Church.

WHY?!?

Everyone else is doing it.
Community fridge efforts are springing
up all around the country.

Concerned citizens are organizing
efforts to support their neighborhoods,
making free healthy food
accessible to all people.

MORE DETAILS

The Food Preservation Project was
first presented to the Homer Drawdown.
The presentation was evolved by enthusiastic,
concerned parties, and was then fully
supported by Homer's local food pantry
and the United Methodist Church.

The goal is for local farms,
restaurants, and the food industry
to donate excess food and keep community
refrigerators stocked so those
in need have access to
food at no cost at all times.

Rules

- * Date Item Was Made
- * List All Ingredients
- * Put In Only What You Would Eat
- * Take Out Only What You Need
